MANNED GUARDING

Whether they are in place for a short period or on permanent assignment, our guards can prevent trespass, vandalism or theft. They have the experience and capabilities necessary to protect assets and property by deterring criminals or reacting rapidly to an incident. They are always connected to our 24-hour control centre and can call on our mobile response teams in the event of an emergency.

As with all our services, the level of cover provided is tailored to meet the client's specific requirements.

Clients' confidence in our performance is maintained by regular but randomly timed visits from our management team.

TRAFFIC MARSHAL/BANKSMAN

A traffic marshal, also known as a banksman, is a designated person who is professionally trained in safely directing large moving vehicles around a construction site or distribution centre etc.

They are trained to place themselves into correct positions and make use of banksman signals, and possibly radio communication, to guide large vehicle drivers when their view is obstructed.

Surrey Security service specialises in the provision of highly effective and well-trained traffic marshals (banksman), to meet the requirements and challenges of construction and logistics sectors throughout the UK at very competitive rates.

CONCIERGE AND RECEPTION SERVICES

Security is often the first point of contact a guest will make when visiting your facility, so let Surrey Security Service be ambassadors for your business as first impressions last!

Our reception and concierge team is highly professional and trained. You can hire our concierge security services on a full-time or part-time basis to seamlessly supplement your own staff for holiday and sickness cover or heavy workloads.

DOG HANDLERS

Surrey Security is specialised in providing professional security dog services to clients from a wide range of public and private sectors for any site or location.

We employ highly trained dog handlers and guard dogs. They all meet present Government legislation and comply with BS8517. At Surrey Security, our handlers are trained and qualified to B.I.P.D.T and N.A.S.D.U standards for guard dogs.

DOOR SUPERVISION

Surrey Security also provides SIA-licensed staff for door supervision at events and venues. Their role is to secure a safe environment where guests can enjoy themselves event without risk. Our door supervisors are always dressed appropriately and are trained to meet and greet guests politely and discreetly.

MOBILE PATROLS

Mobile patrols are a highly effective deterrent when full-time security is either impracticable or unaffordable. Arriving on site in clearly marked vehicles at random times, they are an effective form of security for:

Large open spaces such as golf courses, schools, recreation areas or parks

Large construction projects, warehouses and transport depots

Areas that may present excessive risks for static guards

Our fleet of modern patrol vehicles, manned by experienced officers, deliver a fast response to alarm activations, attend client's premises for locking and unlocking, and patrol large areas.

PROPERTY INSPECTION

Surrey Security vacant property inspection covers the following areas:

A complete check of the outside of the property for damage, theft or fly tipping

A full interior inspection of the property checking for damage or theft, squatters or signs of illegal access

The removal of mail

The reading of utility meters etc.

EVENT SECURITY AND STEWARDING

Safety is crucial at any event, and one of the main roles of security staff is to ensure that everything runs smoothly without risk to guests, paying customers or other event staff.

Surrey Security provides a comprehensive range of security for events, and our well-trained staff can perform a number of different roles:

- Crowd management
- Safety stewarding
- Receptionists and ticketing agents
- Car park security

YOUR WORKERS ARE NOT ALONE.

RETAIL SECURITY

Shrinkage is an age-old problem for retailers. Security tagging and CCTV help minimise the losses, but a patrolling security guard can reduce them still further.

Surrey Security provides qualified retail security officers who are trained to recognise suspicious behaviour, whether by customers or staff, and can either deter theft simply by their presence, or be a witness to a criminal act.

LONE-WORKER PROTECTION

Surrey Security can provide assurance for people working in remote locations or on single manned (lone-worker) assignments through a mixture of scheduled or random patrol visits, alternately our dedicated 24/7 control room can monitor the safety calls and dispatch mobile unit in case of any emergency.

Surrey Security app allows users to inform directly to our state-of-the-art 24/7 control room through GPS panic alarm system in case of emergency. Advanced GPS means we can direct emergency service to the exact location in the fastest possible time.

CHAUFFEUR SERVICES

At Surrey Security we are able to offer a unique hiring service for a wide range of middle and executive class cars for short and long term basis.

We use trained chauffeurs and security drivers who have experience of working with high profile clients. They have worked alongside close protection teams and understand how to follow security protocols.

We can supply drivers who have gained advance skills that include threat recognition, proactive and evasive driving, and defensive off-roading. They will deploy an immediate response to any perceived threat in order to protect you.

SCREENING AND VETTING

Surrey Security is the highest accredited security vetting organisation in the UK, offering a low cost, professional, fast, on-line and managed service for all your security vetting requirements.

We screen all your staff to BS 7858:2012 standard with ISO 9001 (UKAS) policies and procedures and guarantee 100% pass audit on all your staff security vetting reports.

SECURITY SYSTEMS

Surrey Security provides a full range of security products and services to help customers benefit from a safe working environment, secure property and protected assets.

Our primary products and services include the design, supply, installation and maintenance of Intruder Alarms, Perimeter Alarm Detection, CCTV Systems, Access Control Systems, Integrated Security Systems, Audio/Visual Door Entry Systems, 24 Hour Alarm Monitoring and CCTV Monitoring.

SECURITY TRAINING

In addition to our extensive security services, we also offer SIA-approved courses for Security Guarding, Door Supervision, CCTV monitoring, Fire Marshal, Traffic Marshal and First Aid. Our classes can be designed for individuals and groups.

LOCKUP/UNLOCK

This is a service where a property is unlocked and locked up at a scheduled time and in a mutually agreed manner.

It is particularly useful for small companies who are not able to have a dedicated person to unlock and lock up the building at each end of the day.

CCTV MONITORING

Many organisations spend a lot of money on installing CCTV systems and then fail to put them to good use by not having them monitored properly.

In house monitoring can be very difficult and expensive and therefore it is often neglected at crucial times.

Our Remote monitoring can provide an effective solution significantly reducing costs as well as improving protection and providing enhanced evidential information.

EMERGENCY SECURITY COVER

Surrey Security offers emergency security services and temporary security guard solutions to corporations and organisations with:

- Security emergencies requiring immediate attention

- Short-term security needs as a result of an unexpected situation, or due to a planned event requiring the additional support of security officers

- Stores requiring temporary retail security services for holidays, renovation, or alarm failures

These emergency security services are available throughout the UK, 24/7.

Our mission is to provide high standard security services to our customers at affordable prices.

SUB-CONTRACTING

We welcome interest from fellow security companies who require sub-contracting partners throughout the country. Our strength can assist them to increase their operational areas and profit. Surrey Security is fully committed to its security guarding service process irrespective of the service contract being direct or sub-contracted.

"INCREASE YOUR OPERATIONAL AREAS AND PROFIT."

FIRE MARSHAL/FIRE WARDEN

Your workplace should be a safe environment for everyone: yourself, your employees, and any customers you have entering the premises. If you are the business owner or employer you will find that responsibility for fire safety at workplace, by default, falls on your shoulders.

Surrey Security can provide trained fire marshals whether you have a short or long-term situation for construction sites, data centres, residential blocks, offices and wherever you need. We are able to help.

Our Fire Marshals are trained to prevent fires. They have an important role to play in evacuating the building and tackling small blazes in the unhappy event if a fire occurs, but it's the day-to-day duties that can bring the most benefit.

"FIRE MARSHAL DUTIES ARE KEY TO KEEP YOUR PREMISES, EMPLOYEES AND CUSTOMERS SAFE."
